Multimedia Infotainment
for Coach & Bus

A comprehensive range of audio-video systems for touring coach, service bus & minibus

MEDIA PLAYERS & AMPLIFIERS

Combined solutions for audio and video playback and PA system. Choose between space-saving in-dash solutions or hideaway amplifiers, and connect to Actia's range of microphones and monitors.

ACT500 Dual Zone DVD/CD/Radio

- Separate 'Dual Zone' audio control for driver/saloon
- 2 mic inputs (driver & guide)
- 4x20W (2 stereo amplifiers)
- RDS AM/FM Tuner
- DVD, VCD, DivX, CD, USB (MP3/4)
- MP3 connectivity also via RCA
- Dual voltage (12/24v)

ACT501 DVD/CD/DivX

- DVD, VCD, DivX, CD, USB (MP3/4)
- MP3 connectivity also via RCA
- Dual voltage (12/24v)

ACT502 CD/Radio

- Mic input for driver or guide
- 2x20W stereo amplifier
- RDS AM/FM Tuner
- CD and USB (MP3)
- MP3 connectivity also via RCA
- Dual voltage (12/24v)
- Dual Zone variant available

VB-2020 Series PA amplifier

- Microphone input
- Radio input
- Pre-set volume control
- 12v or 24v variants

VB-2020+C variant adds:

- Volume control pad
- DVD audio input

ACT313 hideaway DVD audio/PA amplifier for minibus

- Designed for 12v applications
- Microphone input
- DVD audio input
- Pre-set volume control
- ISO connectivity to connect to OEM radio

Audio-Video Accessories

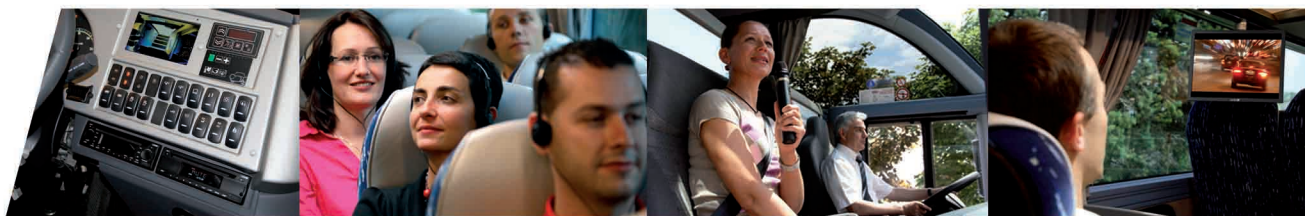

- Speakers (4"/5") with grills
- Radio antennas (active and non-active)
- Video splitter (1 in 3 out)
- Battery noise filters
- Numerous adapter and extension cables

PERSONAL SOUND DISTRIBUTION SYSTEM

Complete, robust, modular solution for audio distribution to passenger seats. Plug and play architecture designed for multi-lingual tour applications.

- Multiplexed audio transmitter unit to serve up to 16 languages - ready to connect to audio source
- Individual seat control modules (8-channel stereo & 16-channel mono options)
- Modular cabling, splitter and end-of-line architecture
- Optional injection moulded housing for seat modules

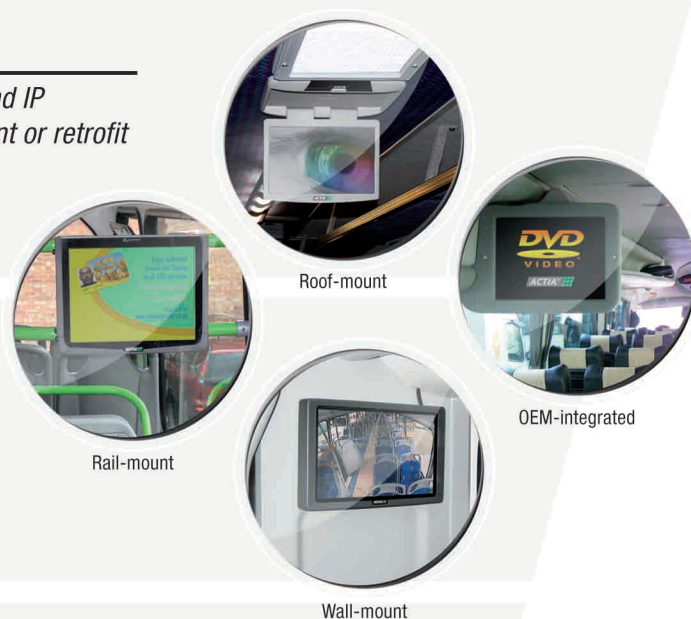

MONITORS

A wide range of TFT monitors is available, including the latest LED and IP technology. These solutions are ideal for OEM integration, replacement or retrofit in coach, minibus and service bus (passenger information).

- Sizes from 6" to 22"
- LCD, LED and IP variants
- 16:9 widescreen and 4:3 variants
- Wide viewing angle
- On-screen display for setup

Various mounting options:

- Rail / wall / flush-fit (in-dash or integrated) / roof
- Fixed and flip-down options

MICROPHONES

Solutions for hand-held and fixed PA microphone designed to connect to Actia amplifiers but compatible with all installations.

Driver's Microphone

- Fixed driver microphone with flex cable (88cm)
- Switch to interrupt other sources
- Optional clip/holder
- Compatible with Actia and other amplifiers (adapter required)

Guide Microphone (wired)

- Light-weight hand-held microphone for guide/courier
- Switch to interrupt other sources
- Optional holder, extension cables and dash connectors
- Compatible with Actia and other amplifiers (adapter required)

REVERSE CAMERA

Complete reverse camera solution for coach and bus.

Reverse Camera System

- 6" TFT driver's monitor
- In-dash or surface mount
- Infra-red reverse camera (420TVL)
- System may be linked to CCTV or operate standalone

POWER CONVERTERS / CHARGERS

Converters to enable powering ancillary equipment (e.g. radio, TV). USB charger to top up smartphone/tablet while on the move.

Converters

- 24-12v DC-DC
- 10A output current (other versions available 4-20A)
- OEM approved

USB Charger

- 12v input / 5v output voltage, 1A output
- Overvoltage and temperature protection

CCTV

Actia design and manufacture a full range of mobile CCTV solutions. These systems provide up to 30 days high resolution recording combined with full data export functionality. **Please see the complete Actia CCTV brochure or ask your sales representative for further details.**

- Up to 16 cameras
- Up to 2TB hard drive
- H.264 and MJPEG variants
- Audio & GPS/datalogging
- Alarm button
- Built-in passenger info

ACTIA® MULTIMEDIA INFOTAINMENT

For more than 24 years, Actia has been pioneering the design and manufacture of audio-video equipment for passenger transport.

Manufacturers including Irizar, Optare, King Long, Plaxton, BMC, Beulas, Sunsundegui, Marco Polo and Caetano have specified Actia multi-media solutions on more than 200,000 vehicles worldwide. More than 1.3M commercial vehicles have been fitted with Actia DC-DC converters.

A complete range of solutions is now available to OEMs, operators and integrators.
